

COVID-19 Update | A Message to our Valued Patients

This is a period of unprecedented global uncertainty. Our number one priority is the safety and continuation of care for our patients and we have taken immediate measures to ensure that.

All Emblem employees who can work remotely are now doing so. All visits and meetings at our offices and facilities have been cancelled and travel plans have been postponed. Emblem patients who are also patients of our Aleafia Health clinic network, Canabo Medical and GrowWise Health, will now receive their consultations exclusively through telemedicine or telephone with their physician or nurse practitioner.

The physicians, nurse practitioners, customer support and staff that make up our team are here for you. And the medicine you need will continue to be available when you need it, delivered directly to the comfort and safety of your own home.

If you have any questions, concerns or feedback, please contact our Client Care team at 1-844-546-3633

Sincerely,

Geoffrey Benic, CEO
Emblem Cannabis
